The BASIX Series

2 Input Channel Mixer Amplifier: 15 to 125 Watts of Continuous RMS Power

Grommes~Precision has gone back to the "basics" with the new **BASIX Series** of utility amplifiers.

Sensible, practical, and economical, the **BASIX Series** combines "barebones" features and **Grommes~Precision** know-how to save you money, without compromising quality or reliability! Designed for background music telephone/microphone page, the **BASIX Series** will automatically mute the music input channel for higher page intelligibility and then "soft-start" ramp the music back up to its previous volume level.

The **BASIX Series** delivers 15/30/60/125 watts of continuous RMS power and features 2 channels (1 mic/1 600 ohm/Tel-Page, 1 aux) of low distortion, wide frequency response, tone control, and an optional isolated transformer Tel-Page input.

With over a half-century of experience in the industry, **Grommes~Precision** backs the **BASIX Series** of utility amplifiers with its unbeatable expertise and Precision Assurance Pledge: a 7 year warranty and a 30 day money back guarantee.

Grommes~Precision Amplifying Since 1946.
